Your best source for racing insurance

Protecting Your Future

The right insurance plan can make the difference to your success as a racing organization. Karting is America's largest motorsport. No, we don't have 150,000 spectators in the grandstands, but we do have up 1000 racers at each event and many more in the pits. How do you, as a track, owner, club president, or manger, protect yourself and all these people and drivers? You need an easy to maintain, comprehensive, and affordable insurance package.
